About Us

Head Start is a comprehensive child development program which focuses on preparing children for entry into kindergarten. The program serves income eligible children ages 3-5 and their families by providing educational, health, dental and social services free of charge.

The educational component focuses on pre-reading skills, phonemic awareness, numeric development and social skills. All children are screened at the beginning of the program year to assess their development. All children receive physicals annually and any needed medical attention is obtained through their insurance or provided by Head Start. Children diagnosed with disabilities are fully included in all aspects of the program.

In addition, each child's family is case studied to determine their strengths and needs and a Family Partnership Agreement is developed to ensure that each child and their family receive the maximum amount of success from the services that are available.

Head Start currently serves more than 481 children in Bowie, Camp, Cass, and Morris counties.

Educational Philosophy of Head Start

Head Start adheres to the philosophy that parents are the prime educators of their children. The Educational Program provides parents with the opportunity to learn additional parenting skills, and also an opportunity to learn how to work more effectively with their own children.

Head Start works to enrich children with a learning environment and varied experiences appropriate to their age, stage of development and cultural background, which will help them to develop socially, intellectually, physically and emotionally.

Parent Committee and Policy Group Participation

You will have an opportunity to serve in the following capacities:

- Parent Committee: This committee is set up at the local campus level and is composed of all parents with children enrolled in the Head Start (HS)/ Early Head Start (EHS) Program. As a HS/EHS parent you automatically become a member of this committee.
- 2. Head Start Policy Council: This group is set up at the agency level and is composed of at least 51% parents, plus community representatives. The parents are elected from the local parent groups annually.
- 3. Board of Directors: This is the grantee agency for the operation of the Head Start Program. The Agency has a 12– member Board of Directors, including one member from Policy Council.

DISCIPLINE/GUIDANCE POLICY

Each Campus has a copy of *MINIMUM STANDARDS RULES* for LICENSED CHILD-CARE CENTERS which contains reasonable standards for childcare facilities in Texas. All staff and volunteers are required to undergo training on minimum standards to ensure safe childcare.

The following is a short, but important, list of discipline and guidance policy that Head Start expects every staff and volunteer to know: The Campus's staff must ensure that discipline and guidance are consistent, are based on an understanding of individual's needs and development and promote self-discipline and acceptable behavior.

- · There must be no cruel, harsh, or unusual punishment/treatment.
 - -Staff or volunteers must not shake, bite or hit the children.
 - -The staff must not put anything in or on a child's mouth as punishment.
 - -The Campus's staff may use brief, supervised separation of children from the group if
 - necessary, but the staff must not place children in a locked or dark room with the door closed.
- · Use your "inside voice" when speaking to the children. Remember, it is not always WHAT you say but HOW you say it. Your tone of voice should reflect respect for the children and concern for their well-being.
- · "No" and "Don't" are not Head Start words. Use positive statements to obtain the behavior you are seeking. For example, instead of "Don't run," try "Use your walking feet" Instead of "Don't throw rocks," try "Let us leave the rocks on the ground".
- · You are a role model for the children. Using "Please" and "Thank You" as much as possible will teach them to use these positive words, too.

EMERGENCY AND FIRST AID PROCEDURES

Each Campus has an emergency/evacuation plan for response to fire and/or natural disasters. This plan includes procedures for evacuations for fire and sheltering/severe weather, which includes an alternate location. Fire drills will be conducted monthly; sheltering/severe weather drills are done once every three months.

A copy of the plan is posted in each classroom, Family Service Worker and Campus

Director Offices. Information on dates and times of drills are posted, this plan is available for review at any time through your Campus Director. The Campus Director will go over these procedures with volunteers.

First aid kits and fire extinguishers are in the Campus and on all buses. Staff are the personnel who can administer first aid to the children. Should a child become injured, report it immediately to the classroom teacher.

Education

Early Head Start/ Head Start will provide your child with an individualized educational program based upon Frog Street 2020/Three's/ Infant/ Toddler. A lesson plan will be developed for your child on a weekly basis. Frog Street Curriculum addresses the Head Start Child Development and Early Learning Framework.

This means that your child's needs will be met in a responsive manner by his/her primary teacher. Infants and toddlers learn through play and exploring their environment. Your child's teacher will be provided activities and materials that encourage your child's development. Activities for children in the room will vary according to their own needs.

Early Head Start children will be provided a daily report on your child about your child's days. A minimum of two parent conferences and two home visits will be scheduled during the year to discuss your child's progress. However, your child's teacher is available to meet with you at any time if you have a question or concern.

Head Start/ Early Head Start staff provide an initial developmental, vision and hearing screening for your child. This screening is conducted within 45 days of enrollment into the Program. Early Head Start Developmental screening is Ages and Stages. Head Start uses Dial 4. The results are used to begin individual planning for each child.

Indoor/Outdoor Play

Early Head Start/ Head Start will promote indoor and outdoor physical activity throughout the day. A minimum of two daily opportunities for outdoor play, weather permitting, in which a child makes use of both small and large muscles for a total of 60 minutes daily. A balance of active and quiet play that incorporates group and individual activities, both indoors and outdoors for a minimum of 60 minutes daily for toddlers and 90 minutes daily for pre-kindergarten age children. There will be child initiated activities that include equipment, materials and supplies needed that are within reach of the child and the child will be able to choose the activity. The Teacher will also plan at least two activities daily to promote movement.

Outdoor play provides for greater freedom and flexibility, fuller expression through loud talk, and a greater range of active movement. Outdoor play also extends opportunities for large muscle development, social-emotional development, and small muscle development by offering variety, challenge, and complexity in ways that are not attainable in a confined indoor space. appropriate, does not exceed one hour per day, is not used during mealtime, snack times, naptimes, or rest times, does not include advertisements or violence and is turned off when not in use.

Animals at the Campus

What steps are taken to have animals at each Campus?
□ Notify parents in writing when animals are scheduled to be present
□ Ensure the animals do not create unsafe or unsanitary conditions
$\hfill \square$ Ensure that children do not handle any animal that shows signs of illness, such as lethargy or diarrhea
□ Ensure that caregivers and children practice good hygiene and hand washing after handling or coming in contact with an animal and items used by an animal, such as water bowls, food bowls, and cages.
$\ \square$ Ensure that all vaccinations for the animals are up to date by the Texas Health and Safety Code.

Water Activities

We do not have water activities for our Head Start children. The only water activities that the children have are a sand and water table inside the Campus.

Family Services

The focus of the Family Services/Parent Involvement Program is on the child, the family, and the community as a group of interacting personalities. The role of the staff is to provide support to the child and family. Family Service Workers also serve as a resource to the family by serving as a liaison between the Head Start Campus, the Family, and the Community. Out of this interaction, empowerment, enhancement of problem-solving skills, and self-reliance is the desired outcome for each family system.

Please make every effort to send your child to school daily. If you have any Questions, please contact the Campus Director.

Daily Health Observations

A daily health check of each child is made upon arrival in the presence of the parent or caregiver. Communication between teachers and parents about the child's health status is vital to identify any specific signs or symptoms of illness and to prevent the spread of infection.

Head Start and Early Head Start Children with any symptoms of illness will not be allowed to remain in the campus and will not be allowed back on campus until fever/symptom free for 24 hours.

Temperature over 100 degrees and also has pain, behavior changes, or other symptoms of illness will not be allowed to remain in the Campus.

Students are not allowed to carry medication or self-medicate during the school day except as specified by state law.

FOOTWEAR

Children are not allowed to wear open-toed shoes or sandals for safety reasons. A child is allowed to wear modified footwear as deemed necessary by the parent. The parent must submit a written request/authorization to verify qualifying condition. After three (3) days a doctor's statement is required for the child to continue to wear the modified footwear.

Immunizations (Shots)

Before the child can enter the classroom or receive direct services (for example, home visits or center-based services) immunizations must be current and appropriate to the age as recommended by Texas Department of State Health Services schedule.

Parents are required to submit updated immunization records after each appointment to the Family Service Worker.

Nutrition

Meals

Nutritional needs and requirements are met by a variety of healthy foods, which are adequate in all nutrients. Meals are funded by USDA. USDA guidelines are followed to ensure each child gets 2/3 of the daily requirements (breakfast, lunch and an afternoon snack). Children are not to bring food from home. No homemade or home baked foods can be allowed due to health concerns.

Policy for Children Requiring Medically Based Diets or Special Dietary Requirements

1. Children who have certified medical or special dietary needs will be served

- appropriate substitutions. This includes children with food intolerance (s).
- 2. The parent/guardian of the child must provide a licensed medical authority's signed statement that includes the following:
- 3. The medical or special dietary needs that restricts the child's diet.
- 4. The major life activity affected by the disability.
- 5. The foods that must not be served to the child.
- 6. The foods that must be substituted.
- 7. The Food Allergy Action Form will be used to obtain special diet information needed from the child's medical doctor, as stated in the policy on special diets.

Breastfeeding mothers have the right and are encouraged to come to the program setting to feed their children when possible. The program will provide a comfortable place with a seat that enables a mother to breastfeed her child.

BREAKFAST/LUNCH/SNACK TIME

Breakfast will be served from 7:30 am until 8:30 am. Children who arrive after 8:30 and are hungry will receive a nutritious supplement meeting USDA requirements and licensed dietician approval.

Birthday Parties/Special Occasions

The Campus Director can designate one day a month for all birthdays to be observed. This day will not fall on any one child's birthday. Healthy food is greatly encouraged for special occasions. Parents may donate store bought mini cupcakes/cookies or baked chips for these occasion. A healthy/low fat snack will be served. Example: sugar free Jello with cool whip, fruit parfait, fruit-kabob.

USDA/CACFP Monitor:

A USDA Monitoring of the Campus will be conducted three times a year by the Nutrition Manager.

Disability Services

Since 1972, Head Start has operated under the requirements of a congressional mandate to make available, at a minimum, ten percent of its enrollment opportunities to children with disabilities. Head Start staff plays an important role in helping to identify children who may need special services. Staff actively recruits families and offers enrollment opportunities for children with disabilities. The Program collaborates with other agencies that assist children with disabilities to ensure that children are identified and provided a full range of services to meet individual needs. Head Start's philosophy of inclusion supports the rights of all children to be active participants in natural settings within their communities.

Children with Special Needs

All children enrolled in the Head Start/Early Head Start program will receive a Developmental Screening within forty-five (45) days of the child's enrollment date with parental consent.

The purpose of the Dial 4 Screener is to obtain a snapshot of a child's development in order to identify the children wo may need more comprehensive evaluation. When the decision is made to refer a child for further assessment because of failed screening assessments and/or previous services, the classroom teacher will conduct a conference with the parent of the child and discuss the developmental screenings and assessments.

Children, ages six weeks to three years, also receive the Ages and Stages Screener. Any child needing further assessments will be referred to Opportunities, Inc. upon written permission from the parent. The Mental Health Advocate will assist the family throughout this process.

Children three to five years of ages with suspected disabilities are referred to the Local Educational Agencies (LEA's), once the parental consent has been obtained. Services will be provided to address developmental needs through the implementation of an Individual Educational Plan (IEP).

Mental Health Services

In the over-arching goal of Head start/Early Head Start to aid in the development of growth of the whole child, we strive to monitor, assess, and provide intervention related to the social, emotional, and behavioral learning needs of participating children. All Head Start/Early Head Start children will receive a social emotional screening within the first 45 days of entry using the Ages and Stages Social Emotional Screener.

We focus on developing healthy relationships with children and their caregivers, creating a supportive, nurturing, safe environment, and using age appropriate social/emotional curriculum to help children develop greater awareness and improved social functioning.

These strategies are typically effective at helping children reach social, emotional, and behavioral milestones, but for those children and families identified through early screening, teacher or parent referrals as needing additional support, more intensive individual and family interventions are available from trained mental health professionals and paraprofessionals, including observations, screenings, assessments, and treatment services for the child and family.

Transportation

Early Head Start DOES NOT provide transportation*

Head Start Transportation is very limited. Transportation to the Head Start Campus is provided only to those children with no transportation, or transportation issues. No bus services will be provided for children with adequate means of transportation. Families that are found with adequate transportation will be denied bus services or dropped from the bus route.

Bus Safety

Riding on the Bus

- ⇒ Students must go to a seat and be seated immediately upon boarding.
- ⇒ The bus will not move until all children are seated and buckled.
- ⇒ Students must remain seated while the bus is moving.
- ⇒ Students should keep arms, hands, legs and heads inside the bus at all times.
- ⇒ Fighting, scuffling and the use of profane or inappropriate language is not allowed.
- ⇒ The emergency doors and exit window controls should be used only during frills or actual emergencies.

Unloading from the Bus

- ⇒ All students will remain seated until the bus comes to a complete stop. DO NOT RUSH!
- \Rightarrow All students and Bus Monitor will move away from the bus immediately upon leaving the bus.
- ⇒ If a child must cross the street or road after getting off the bus, he/she should walk to the front of the crossing arm, hen stop and look to the driver for a signal to cross in front of the bus with the Bus Monitor.

Children riding ISD school buses will follow the policies and procedures of the district.

In-Kind

The Federal Government requires that twenty percent (20%) of the Head Start grant will be matched with contributions from parents and the community. These contributions are called "inkind" and consist of volunteering, attending Head Start activities, donating materials, working on your child's educational goals at home, serving on Policy Council or Head Start Committee's and many other ways. You ill be asked to fill out an "in-kind" form when services or materials are provided to the Head Start /Early Head Start Program. If goods or materials are purchased, please submit receipt.

Volunteering or becoming active at the campus or with home activities is a great way to be engaged in your child's education and is included with the Head Start Performance Standards. All of the activities listed) but not limited to) n this handbook are ways for parents to lend a helping hand and volunteer. The activities also count a "In-Kind" for the program. See chart below

Classroom of Campus Activities	Non-Classroom Activities	Home Activities		
Reading or telling stories to children	Working on parent or classroom bulletin boards	Cutting out items for collages, arts and crafts items		
Assisting the teacher in preparing a class activity (large or small group)	Attending Parent Committee, Policy Council and Agency Committee Meetings	Typing Campus meeting minutes
