AS PART OF OUR ONGOING COMMITMENT TO MAINTAINING A SECURE AND EFFICIENT TECHNOLOGY ENVIRONMENT, ALL OFFICE COMPUTERS ARE NOW BEING ROUTINELY UPDATED WITH THE LATEST SOFTWARE AND OPERATING SYSTEM PATCHES. THIS PROACTIVE APPROACH ENSURES OUR SYSTEMS REMAIN PROTECTED AGAINST EMERGING SECURITY THREATS BY ADDRESSING KNOWN VULNERABILITIES AND REDUCING THE LIKELIHOOD OF CYBERATTACKS OR DATA BREACHES. THESE UPDATES ALSO IMPROVE SYSTEM PERFORMANCE, ENHANCE STABILITY, AND SUPPORT NEW TOOLS THAT CONTRIBUTE TO DAILY OPERATIONS.
